Lohis is widely regarded as the best left in the Maldives, not only is it super consistent and surf-able in any swell/wind/tide combination, but it is also good at any size, from 2ft to 6ft, and has multiple take off areas to spread out the guests.

In order to enhance the surfing experience and improve the service levels to the surfers, the resort restricts the maximum surfers per day to 45. It's hard to imagine a better set up so close to your room.

# SAVE THE LUNGS SAVE THE OCEAN

We, at Adaaran Select Hudhuranfushi, planned another sustainability project aimed towards caring for our environment and giving back to the planet we live in.

During this lockdown period, we came back with another worthy venture, taking the most out of the luxury of time that we have as hoteliers and engaging in sustainability activities to save our beautiful oceans.

The project was launched on 5th June 2020 while commemorating World Environment Day and World Ocean Day, during the month of June. Discarded beds and iron trees were dressed with 300 units of carefully selected and nurtured corals. The selection of the corals took a number of months when it came to research on the house reef and lagoon.
